Treasure Jars are beautiful and unique containers that are perfect for gift giving and upscale storage. In this class you will learn from master mosaic artist Mary Dignan the techniques to design and make your own exceptional lids for small glass jars. These distinctive jars are made to be filled with treasures and trinkets, and look amazing lined up together on a shelf. If you often give gifts of homemade treats, these jars are ideal containers to make your gifts even more impressive. The first day you will design and glue your pattern, and on the second day you will grout and polish for a stunning, one-of-a-kind project.
